OUR LOCATION

FRAMINGHAM NURSERIES are located in Framingham, Mass.,—The Health Town—about halfway (21 miles) from Boston to Worcester, on the main line of the Boston and Albany division of the New York Central R. R. Also on the New Haven R. R. Good motor roads lead to Framingham from all directions. Visitors are cordially invited to inspect our nurseries on week-days. We are **POSITIVELY CLOSED TO BUSINESS ON SUNDAYS.**

THE PLANTING SEASON

The Spring Planting Season begins as soon as the frost is out of the ground (middle March to first of April) and continues until the new growth starts—late May or early June.

SHIPPING DIRECTIONS

We are admirably situated for prompt shipping in all directions by rail. Good motor roads enable us to ship by motor truck, within a radius of 75 miles, at a moderate charge, provided the order is large enough to make a truck-load.

Customers are requested to state explicitly the mode of conveyance by which they desire their orders forwarded.

When no route or method is specified we exercise our judgment. In no case do we assume any responsibility after goods have been shipped, except for our own mistakes.

When loss or injury occurs, by delay or mishandling on the part of the carriers, claim should at once be made on the TRANSPORTATION COMPANY by the consignee.

CONDITIONS OF SALE

1. The articles herein listed will be furnished according to the following schedule:

1 to 4 plants of the same kind and size will be priced at the each rate.

5 to 39 plants of the same kind and size will be priced at the ten rate.

40 or more plants of the same kind and size will be priced at the hundred rate when a hundred rate is listed.

250 or more plants of the same kind and size will be priced at the thousand rate when a thousand rate is listed.

FROM THIS SCHEDULE WE WILL NOT VARY because of the expense entailed in assembling an order made up of small lots of a kind.

2. Specimens personally selected by the purchaser or his representative (or specially selected by us at the request of the purchaser) will be priced according to their individual values.

3. The prices annexed are for the stock F.O.B. our nurseries. They do not include the packing boxes or bales. We charge for the actual cost of the boxes or the material used in baling, except on orders paid in full in advance.

TERMS OF PAYMENT

Our terms are cash, except by special agreement. Unknown correspondents who wish to open an account will please give us the names of three parties with whom they have credit relations and allow us sufficient time to investigate same. We will ship C.O.D. when desired, with collection charges added to the bill, provided 20 per cent of the amount of the order accompanies the order as a guarantee. All accounts unpaid after the due date will be subject to sight draft without further notice.

HEALTHY PLANTS

We spend a great deal of time, money and effort every year in the eradication of insect pests and plant diseases. In addition, representatives of the Massachusetts Department of Agriculture each year carefully inspect our nurseries, eradicate any pests and destroy any diseased plants they may find. Their **CERTIFICATE OF INSPECTION**, which accompanies every shipment we make, is your assurance of receiving only healthy nursery stock.

OUR GUARANTEE

We guarantee the stock herein listed to be—

1. Grown with the greatest skill and science that our years of experience have brought us.
2. True to name.
3. Alive at time of shipment.
4. Healthy and free from disease.
5. Dug properly.
6. Packed so as to reach destination in good condition.

If goods are not as represented **ON ARRIVAL, NOTIFY US IMMEDIATELY**. Failure to do so voids this guarantee.

Any stock ordered from this list found untrue to name will be cheerfully replaced during the next planting season after its falsity becomes apparent.

Our responsibility ends when you accept the plants (except for untruthfulness to name). If you choose to neglect them we cannot be held responsible. Plants are perishable living organisms. Their success depends upon the care **YOU** give them. Treat them well.

EVERGREEN TREES

We grow our evergreens with the greatest care. Not only do we prune the tops for shape, but we also PRUNE the ROOTS, and TRANSPLANT the trees many times. This results in a mass of fibrous roots which is the deciding factor in the successful planting of evergreens. For this reason our evergreens should not be confused with quickly and cheaply grown, non-pruned and non-transplanted stock.

We also dig our evergreens with a ball of the earth in which they are grown, and wrap the ball securely in burlap. This we do WITHOUT ADDITIONAL CHARGE.

RHODODENDRONS

Our stock comprises the native varieties, Catawbiense and Maximum as well as the hardiest of the Catawbiense Hybrids. To this list we have recently added Rhododendron Carolinianum, a native sort of great hardiness and beauty, and Rhododendron catawbiense compacta, an interesting hardy, dwarf variety.

Each Per 10 Per 100

RHODODENDRON carolinianum—pink

Carolina Rhododendron

15 in.....	\$2.50	22.50	
18 in.....	3.00	27.00	250.00
2 ft.....	3.50	32.00	300.00
2½ ft.....	4.50	40.00	

Our stock of Rhododendron carolinianum is exceptionally fine. They are not collected plants. We grow them from seed of northern acclimated stock. They have been several times transplanted, and will lift with particularly fine balls.

catawbiense—deep pink *Catawban Rhododendron*

2 ft. clumps.....	3.00	27.00	
2½ ft. clumps.....	4.00	36.00	
3 ft. clumps.....	5.00	48.00	
3½ ft. clumps.....	6.00		

catawb. compacta *Dwarf Catawban Rhododendron*

10 to 12 in. clumps.....	2.25	20.00	
12 to 15 in. clumps.....	2.75	25.00	
15 to 18 in. clumps.....	3.00	27.00	

maximum—white to blush, late *Great Laurel*

2 ft. bushy.....	3.00	27.00	
2½ ft. bushy.....	4.00	36.00	
3 ft. bushy.....	5.00	45.00	

micranthum *Box-leaved Rhododendron*

15 to 18 in.....	2.50	24.00	
18 to 24 in.....	3.00	27.00	240.00
2 to 2½ ft.....	3.50	30.00	

HARDY HYBRID RHODODENDRONS

We offer the following sorts which we have grown from seeds of Hybrid Rhododendrons. While those that have already blossomed follow their parents to a considerable degree in color of the flowers, WE DO NOT GUARANTEE THE COLOR. These plants are MUCH HARDIER THAN THE GRAFTED HYBRIDS.

18 inches tall B&B at..... \$4.50 each

President Lincoln—Rose

QUALITY NURSERY STOCK

Experience has proved that it is unprofitable to plant any but the best grade of Nursery Stock. The cost of transportation, the cost of planting and after care—whether paid in money or in physical effort—are too great to lay out on plants that will fail to fulfill their purpose and which will require that the work be done over in a short while.

At the most, the initial saving in buying poorly grown stock is small—in any case less than the cost of buying new plants and the cost of replanting.

Save yourself time, money and effort. Buy plants that have been grown by experts, on properly selected soil, in a rugged climate. Buy plants that have been properly pruned and trained to give immediate effect. Buy plants that have root systems sufficient to assure transplanting success—buy Framingham Nursery Stock.

DECIDUOUS SHADE AND ORNAMENTAL TREES

Caliper measurements are taken 12 inches above ground. Varieties marked "B & B" are always dug with Ball and Burlap at No Additional Cost.

QUALITY NURSERY STOCK

Experience has proved that it is unprofitable to plant any but the best grade of Nursery Stock. The cost of transportation, the cost of planting and after care—whether paid in money or in physical effort—are too great to lay out on plants that will fail to fulfill their purpose and which will require that the work be done over in a short while.

At the most, the initial saving in buying poorly grown stock is small—in any case less than the cost of buying new plants and the cost of replanting.

Save yourself time, money and effort. Buy plants that have been grown by experts, on properly selected soil, in a rugged climate. Buy plants that have been properly pruned and trained to give immediate effect. Buy plants that have root systems sufficient to assure transplanting success—buy Framingham Nursery Stock.

DECIDUOUS FLOWERING AND ORNAMENTAL SHRUBS

Varieties marked "B&B" are always dug with Ball and Burlap at No Additional Cost.

WILSON'S CHINESE COTONEASTERS

Few recent additions to the horticulture of America have met with as much popularity as have the CHINESE COTONEASTERS introduced by Mr. E. H. ("Chinese") Wilson, Asst. Director of Arnold Arboretum, and famous horticultural explorer. These shrubs are all valuable for their profusion of flowers and fruits and some for their glossy, semi-persistent leaves. We take pleasure in offering the following species to those who appreciate new and valuable plants.

	Each	Per 10	Per 100
COTONEASTER acutifolia villosula—Red Flowers, Black fruit.			
15 to 18 in.....	\$.50	4.00	
18 to 24 in.....	.60	5.00	
2 to 3 ft.....	.75		
3 to 4 ft.....	1.00		
dielsiana—Red Flowers and Fruit—Extra fine.			
15 to 18 in.....	.60	5.00	
18 to 24 in.....	.75	6.50	
2 to 3 ft.....	1.00	9.00	
divaricata—Red Flowers and Fruit—Extra fine.

HARDY ROSES

Strong field grown plants, \$1.00 each for less than 5 of one kind; 5 or more of one kind at \$9.00 for 10.

If we are out of the variety ordered, we shall select the variety most closely resembling it **UNLESS OTHERWISE ADVISED.**

HYBRID PERPETUAL ROSES

This is the hardiest class of bush roses and most suitable for severe northern climates.

Captain Hayward—Brilliant rose-pink, highly perfumed.

Frau Karl Druschki—Large, pure white.

Mme. Gabriel Luizet—Silvery pink, fragrant.

Mrs. John Laing—Soft pink, large, fragrant, steady bloomer.

Paul Neyron—Deep rose, very large.

Persian Yellow—The old fashioned yellow rose.

Prince Camille de Rohan—Deep velvety crimson.

Ulrich Brunner—Cherry crimson, large.

HYBRID TEA ROSES

While somewhat tender and short-lived, this class of roses is desirable for its delicate rare colors and fragrance. We list only the best sorts for severe northern conditions.

Columbia—Most pleasing brilliant rose-pink, perfect form, fragrant, vigorous and free-blossoming.

General MacArthur—Large, crimson scarlet, fragrant.

Gruss an Teplitz—Scarlet, shading to velvety crimson, fragrant, vigorous.

Kaiserin Augusta Victoria—Cream white, fragrant.

Killarney—Deep shell pink, long pointed buds.

Killarney White—Pure white, long pointed buds.

Los Angeles—Bright flame pink, tinged with coral and gold, very fragrant.

HYBRID TEA ROSES—continued

Mme. Caroline Testout—Large, salmon pink.

Mme. Ed. Herriott—Coral red, shaded red and scarlet.

Mme. Leon Paine—Silvery pink, orange yellow center.

Mrs. Aaron Ward—Coppery orange to pinkish fawn when full.

Ophelia—Salmon flesh shaded with rose.

Red Radiance—Large, deep red.

POLYANTHA ROSES

\$1.00 each, \$9.00 per 10.

Catherine Zeimet—White.

Cecile Brunner—Blush, shaded light salmon pink.

Erna Teschendorf—Deep crimson, flushed with carmine.

Mrs. Cutbush—Delicate pink, profuse.

HYBRID RUGOSA ROSES

\$1.00 each, \$9.00 per 10.

Blanche de Coubert—Double white.

Conrad Ferd. Meyer—Deep intense pink, fragrant.

F. J. Grootendorst—Bright crimson, free-blossoming, new.
\$1.25 each.

Roseaie de l'Hay—Crimson.

CLIMBING ROSES

75c each, \$6.00 per 10, \$45.00 per 100.

UNLESS OTHERWISE NOTED.

Crimson Rambler.

Dorothy Perkins—Double Pink.

Dr. Van Fleet—Flesh pink, very large.

Excelsa—Double red.

Hiawatha—Single crimson, yellow center.

Lady Gay—Bright pink.

Paul's Scarlet Climber. \$1.00 each, \$9.00 per 10.

Silver Moon—Pure white, large.

Tausendschon—Large, pink and white, fragrant.

White Rambler.

Yellow Rambler.

It's Not a Home
Until It's Planted

What Makes the Home?

Four walls and a roof? Steam heat and running water? Furniture and pictures?

All these things help, but the greatest single item, the one thing that transforms a house into a home is the garden.

Few of us are able to build our houses in gardens. But we can all bring gardens to our houses. You can bring a garden to YOUR house and make it a HOME.

The cost is slight. Four per cent—4%—or even less—of the cost of the house will transform it into a home.

The result—more rest and refreshment—greater comfort, contentment and enjoyment of life.

IT'S NOT A HOME—

For More Than a Quarter of a Century

WYMAN'S FRAMINGHAM NURSERIES have been growing Evergreens, Shrubs, Trees, Vines, Roses and other sorts of plants for beautifying the home.

We have had a large share in beautifying the homes of America—more especially the homes of New England.

Our success in doing this for others justifies our modest boast that we can satisfactorily do the same for you.

The planting season is now in full swing. It will last from four to six weeks longer. There is yet time this spring to transform your house into a home—if you act promptly.

WYMAN'S FRAMINGHAM NURSERIES

FRAMINGHAM, MASS.

—UNTIL IT'S PLANTED.

How to Reach Wyman's Framingham Nurseries

BY MAIL—P. O. Box H, Framingham, Mass.

BY TELEPHONE—Framingham 331 or 1685.

BY MOTOR—from Boston—Take Commonwealth Avenue through the Newtons. One-half mile beyond Norumbega Park, take South Avenue. Follow this road eight miles, past beautiful Lake Cochituate. A short distance beyond the lakes, you will see the nurseries and signs.

From the West—Turn right from the Boston Post Road at East Sudbury. At Saxonville, take Concord Street. Follow about one mile and turn left on Cochituate Road. You can't miss us!

From Lowell—Go through Concord to Wayland. Take the Old Connecticut Path and follow it for about six miles. This brings you into the heart of our nurseries.

From Providence—Take State Road through Woonsocket, Franklin, Milford, Holliston to Framingham. Follow Concord Street to Cochituate Road. Turn right and follow one-half mile.

BY TROLLEY—All *Local* cars of the Boston & Worcester Air Line stop at our entrance.

BY TRAIN—At Framingham, take Saxonville trolley. Get off at Cochituate Road and turn east.

We are open for business every day EXCEPT SUNDAY.

WHY ???

BECAUSE_____

Buy Your Trees at
Wyman's Framingham Nurseries
W H Y ? ? ?

BECAUSE 1.

**Right Sorts
for Every
Purpose.**

We grow a full assortment of varieties for all purposes—large, fast-growing sorts for screens and borders—small, slow-growing sorts for planting near the house. The right plants for every place; sunny or shady, wet or dry—the essentials of a good planting—satisfaction for you.

BECAUSE 2.

**Care in
Growing.**

Careful attention to growing our plants—careful pruning and shaping—enable us to furnish you with plants of unusual beauty—more satisfaction to you.

BECAUSE 3.

**Adequate
Roots.**

Transplanting and root-pruning stimulate root growth, produce extra-capacity root systems—and insure satisfaction in the growth of your home planting.

BECAUSE 4.

**Healthy
Trees.**

Our trees are carefully inspected by State and Federal inspectors. Under their direction, with the aid of up-to-date equipment, experienced men and constant vigilance, we keep our trees free from plant diseases and insect pests. The certificates of inspection which accompany every shipment are your guarantee of healthy trees—added satisfaction.

BECAUSE 5.

**Tough
Trees.**

The trees you receive from us withstood, undamaged, the famous ice storm of November 1921. Only trees of exceptional toughness could survive that unprecedented trial—located as we were in the center of the storm area.

BECAUSE 6.

**New England
Trees for
New England
Conditions.**

The changeable climate of New England is a severe test of the hardiness of trees. Trees grown in the more favored parts of other sections cannot so easily withstand our winters with their alternate freezes and thaws, warm winds, cold winds and biting sub-zero temperatures. Only trees grown here and hardened to our conditions can give the greatest satisfaction.

BECAUSE 7.

**Fresh
Plants.**

Plants out of the ground are in an unnatural and precarious condition. The longer the time required for shipment, the greater the danger and the greater the chance of failure. Located in one of the best shipping centers in the East, we are able to deliver your trees to you with pleasing promptness. Motor truck shipments economical and particularly satisfactory at distances up to one hundred miles enable us to give you fresh stock with the least possibility of damage—still more satisfaction to you.

BECAUSE 8.

**Efficient
Service.**

Efficiency is a much mistreated word. However, if efficiency means the prompt and careful filling of your order with the highest quality of plants, dug carefully and properly packed — then we are efficient. A trial of our service will satisfy you.

BECAUSE 9.

**Moderate
Prices.**

Our prices are moderate. In view of the high quality of the goods we sell and of the service we render, our prices are exceptionally moderate. Also, selling as we do direct to the home owner, you save the middleman's profit.

BECAUSE 10.

Reliability.

Our business has been built up by the help of our host of satisfied customers. Our reputation for square dealing is your assurance of satisfaction.

PLANT FANCIERS

A careful perusal of this price list will reveal a multitude of plants which will be found to be very beautiful and interesting. Some are new, others are rare, while still others which we have grown for many years are not well known to the general public. All of these sorts are grown with the greatest care and attention. We shall be glad to have you examine them at our nurseries.

BUY TIME

When you buy nursery stock in the larger sizes you are buying time. Buy big trees and get the benefit of them YOURSELF. The largest trees we list will transplant successfully, because they are grown with heavy root systems.
